LET'S CRITIQUE ART

DESCRIBE: Describe everything you see like colors, shapes, lines, textures, etc.

ANALYZE: What principles of design do you see? How do principles of design create meaning in the artwork?

INTERPRET: What do you think is the artist's intention based on the arrangement of elements?

CRITIQUE: Based on your observations, is this artwork successful?

REFLECT: If this was your artwork, what would you do differently?
